BA FILM _____

ABOUT US

BA Film is a revolutionary new production company that has been setup to uniquely showcase diversity through the power of film.

It stands apart from others in the industry in that it truly lives and breathes its values by employing skilled production staff from across the TV & Film industry that come from each of the communities we represent.

BA FILM

WHAT WE DO

BA Film operates on a number of levels, from producing short form content for brands and agencies, through to long-form broadcast format across our network of global broadcast partners.

We have the ability to scale a production from small to large events and have the capacity to meet any production need due to our extensive partner network.

- Branded content
- Live streaming
- Educational
- Influencer content
- Promotional films
- Long form / Docu-series
- Aerial videography
- Events

BA FILM

GET IN TOUCH

Have an idea you'd like to chat to us about?

The BA Film team have delivered content across every digital platform with long form material for every major network broadcaster. Our team includes experienced researchers and producers that will ensure we help not only tell your story in the right way, but we help get the response you need from your audience.
